Snappy Berry

1 (16 ounce) package frozen berry mix containing: blue berries, raspberries and blackberries (thawed)	1 (8 ounce) container whipped topping (at room temperature)
1/3 cup white sugar	4 Tbsp. Tennessee Gourmet® Scotch Bonnet Pepper Jelly (your choice of Flavor)
1/4 cup Grand Marnier	Pound cake or angel food cake
1 (8 ounce) container mascarpone (at room temperature)	

Combine berry mix, sugar and Grand Marnier into a bowl and refrigerate for one hour.

Microwave the Pepper Jelly for about 1 minute, to liquefy. In a separate bowl combine the mascarpone and liquefied pepper jelly. Fold in the whipped topping, do not over blend.

Slice cake into 1/2 inch slices. Plate one piece of cake and spread the cheese filling on top of slice. Add a second layer of cake and spread berry mixture on top of second slice. Top with a teaspoon of the cheese mixture to decorate.
